

# SPECIFICATIONS

Product Name	Blister Packing Machine
Model No.	YS-BLIP-1
Dispensing Speed	60sec/pack (1type1pill/cell)
Material of Blister	Polyester
Canisters	Large x 6pcs, Regular x 54pcs
Dimensions	W890 x D645 x H2170 (mm)
Weight	Approx 230kg (not including canisters)
Power Consumption	500VA (MAX)
Power Supply	AC240V 50Hz
Manual Pill Tray	28 cells
Alarm	Typing tone and error sounds
Pill Sensor Type	Optical sensor

## BLISTERS

The blisters have been redesigned to increase volume but more importantly to make it easier for pharmacists to check the contents of each pottle therefore delivering safer healthcare outcomes to our patients.
